Castle of illusion starring mickey mouse xbox one

Sega has confirmed that his Game Castle of Illusion Starring Mickey Mouse will no longer be available to buy from the Xbox Store after Friday, September 2. The Xbox 360 side scrolling game was made available to Xbox One owners, via backward compatibility, earlier this week. The game was first released in 2013 and was a remake of the classic 16-bit side shifter that was first made for the Sega Genesis in 1990. In a statement to Polygon, Sega says: Due to an expiration of the business terms, SEGA will no longer be able to sell Castle of Illusion on Xbox Live, PlayStation Network, or Steam, with the current publishing agreement coming to an end on September 2, the company said in a statement. For game-owning players, they will be able to reload it to their respective system at any time in the future - this list should not prevent current owners from accessing the game at a later time. If you want to add this game to your Xbox One collection, you need to move quickly. Castle Illusion with Mickey Mouse is priced at \$14.99 in the Xbox Store. More information. 2013 video game Castle of Illusion: Starring Mickey MouseDeveloper(s)Sega Studios AustraliaPublisher(s)Sega Disney Interactive StudiosFeral Interactive[1] (OS X)Composer(s)Shigenori Kamiya, Grant Kirkhope (arranger and additional music)SeriesIllusionPlatform(s)PlayStation 3, Xbox 360, Microsoft Windows, iOS, Windows Phone, Android, OS XRelease September 3, 2013 PlayStation 3September 3, 2013 Xbox 360, WindowsSeptember 4, 2013 iOSNovember 21, 2013 Windows PhoneMay 27, 2014 AndroidJune 18, 2014 L 'os XJuly 24, 2014 Genre(s)PlatformMode(s)Castle of Illusion starring Mickey Mouse is a 2.5D platformer developed by Sega Studios Australia and published by Sega. The game is a remake of the original 1990 Sega Genesis/Sega Mega Drive video game of the same name, which was the first title in the Illusion series of Mickey Mouse video games. The game was released on PlayStation 3, Xbox 360 and Microsoft Windows in September 2013,[2] and later for iOS, Windows Phone, Android and OS X.[1] Gameplay See also: Gameplay of Castle of Illusion Starring Mickey Mouse Following the same style of play as the original Mega Drive/Genesis title. Featured in HD 3D graphics, the game is largely played as a side scrolling platform like its predecessor, although some sections allow Mickey Mouse to move in multiple directions, such as puzzle segments. Mickey's main offensive capability is his bounce attack, which he can use to bounce off enemies and reach higher areas. You can also collect projectiles that you can throw at long-distance enemies. Levels are re-anticipated versions of game levels now separated into three acts, with new designs, puzzles and enemies, as well as improved head fights. The castle itself, which was nothing more than a transition in the original game, can now fully explored, with new areas open by collecting numerous jewelry scattered throughout each level. Throughout the game, players can find game cards and chillies that can be used to unlock various outfits for Mickey. [3] Plot As in the 1990 original, the game casts players in the role of Mickey Mouse who must fight his way through Castle of Illusion to rescue Minnie Mouse from an evil Mizrael witch who wants to steal her beauty. Obstacles include enchanted forests, rebellious toys and mazes of living books. [4] The remake of The Castle of Illusion was teased by Sega in April 2013[5] and was announced later that month. [6] The game was developed by Sega Studios Australia, his last game before the studio was closed,[7] under the supervision of the original game director, Emiko Yamamoto. [9] The game features a remastered soundtrack organized by Grant Kirkhope, as well as an option to listen to the original soundtrack composed by Shigenori Kamiya. [10] The game also features the full voice performing for Mickey, as well as the narration of Richard McGonagle. [3] From September 2016 to March 2017, the game was discontinued from steam, xbox live and PlayStation Network stores. [11] Players who previously requested the game on the PlayStation Network were able to download the original Genesis game, as well as a custom theme and avatars. [17] IGN gave the game a score of 6.7, praising its presentation while criticizing its slippery controls and short duration. [18] Joystiq gave the game 4/5 stars, calling it both a great remake and a showcase for key elements that make a great platformer. [19] GameSpot gave the game a score of 7.0, praising its funny platforms while lamenting the unstoppable cutting scenes. [21] Official Xbox Magazine gave the game a score of 8.0, calling it a fun update to yesterday's classic, but also a solid platformer in its own right. [20] GamesRadar gave the game 3.5/5 stars, praising its presentation while noticing some problems with the controls due to the delayed entry for some televisions. External links Official IMDb Teaser Trailer Retrieved from Castle of Illusion Starring Mickey Mouse originally launched in 1990 and was announced as one of the best platforms of its time. Made popular genre and had a perfected mechanics. Over the years the title has become a cult classic and Disney released a remake in 2013 for xbox 360. While the remake did not receive critical acclaim for the original, players still loved it because it was the return of one of the best games of all time. As in the original 1990, the game throws players in Mickey Mouse role you have to fight your way through Castle of Illusion to rescue Minnie Mouse from the evil Mizrael witch who wants to steal her beauty. Last year Disney announced that Castle of Illusion starring in the Mickey Mouse remake would be discontinued from the Xbox Store because the current publishing deal is coming to an end on September 2. While existing owners could continue to access the game, no new sales were allowed. That changed today as Castle of Illusion starring Mickey Mouse reappeared on the market. We have been able to buy the game and we can verify that it is available. Castle of Illusion starring Mickey Mouse is also compatible backwards so interested parties have to download right now! You can play it on your Xbox One so that there's an added bonus. The game costs \$15 right now, but may go on sale in the future. Sega has sales in the Xbox Store all the time so the likelihood of this is quite high. The game may not be as groundbreaking as the original, but it's still a lot of fun and should evoke nostalgia in many. Many.
